APPLICATION FOR TEMPORARY SERVICE

The undersigned (hereinafter called the “applicant”) hereby makes application for temporary electric service from the Sussex Rural Electric Cooperative (hereinafter called the “Cooperative”) for (state purpose) at the following location:

On the _____ side of _____ (street) on Lot _____ and Block _____ in the city of _____ in _____ County in the State of _____.

CONDITIONS:

1. The applicant shall become a member of the Cooperative, shall pay the membership fee and be bound by such rules and regulations as may from time to time be adopted by the Cooperative.
2. Payment for service hereunder shall be made at the rates and upon the terms and conditions set forth by the Cooperative. The applicant shall pay for the total cost of connecting and disconnecting less the value of materials returned to stock. The fixed cost for the connecting and disconnecting of an overhead temporary service, or for an underground service off an overhead line, is \$116.00, and for an underground service in an underground development is \$216.00. If the service is more than 100 feet from existing facilities, the connecting and disconnecting charges will be calculated.
3. Electric bills will be rendered in the Owner’s name.
4. Where temporary services is for construction purposes and permanent service will be required for the building under construction, it is expressly understood that the above temporary service shall not be connected to or used through the new wiring of said building until the regular wiring inspection of the same has been made and a cut-in inspection card is received by the Cooperative from the Underwriters Inspection service or association.
 - (a) If this provision is violated, said temporary service shall be discontinued.
 - (b) The undersigned applicant hereby releases and agrees to save harmless the Cooperative from all liability for damage to any person or property that may result from any such violation.
 - (c) All temporary service poles must be inspected before service connection is made.
5. Expiration Date – one year from below date. If further service is required, a new application must be signed.
6. Payment to be submitted with application for temporary service.
7. Contact SREC Engineering Department for further information: 973.875.5101 x121.

Date Signed:
